

PROTECT YOUR WALLET.

TRUE OR FALSE?

- 1. In most circumstances, a vehicle is worth a lot less the second it is driven off the lot.**
- 2. In more cases than not, the value of a vehicle rapidly declines during the first few years of ownership.**

Unfortunately, both of the statements are True, which could lead to bad news for you and your wallet.

Since most insurance companies base their claim payments on the present value of your vehicle, your loan or lease balance could be higher than the value of your vehicle at the time your vehicle is stolen or totaled, which means you could be left owing a lot of money out of pocket to pay off the balance of your loan.

GAP ADVANTAGE KEEPS YOU IN THE DRIVER'S SEAT.

Guaranteed Asset Protection Advantage, or GAP Advantage, is a voluntary, non-insurance program offered as protection on your financed vehicle to enhance, rather than replace, your standard insurance coverage. It waives the difference between your primary insurance company's settlement and the payoff of your loan balance up to a certain loan to value maximum, less exclusions or limitations that may apply. The loan to value maximum is determined by comparing the total amount originally financed to the vehicle's value at the start of the loan. Included in this waiver is your insurance deductible, up to \$1,000.¹

GAP Advantage also provides you with a \$1,000 credit towards the financing of a replacement vehicle financed or leased with our financial institution!²

¹ Deductible waiver is available in most, but not all states. Please consult your financing representative for the availability of this benefit.
