SUNS OUT, FUNS OUT: TIPS FOR SUMMER SPENDING

Set a Summer Budget

Map out your income and expected expenses for the summer season. As a general rule, use the 50/30/20 rule. That's 50% on needs, 30% on wants, and 20% on your savings or debts.

Prioritize What Matters Most

List all of the things you want to do this summer and rank them by priority and cost. This helps you focus your funds on what matters most. Quick Tip: Ask yourself what is most meaningful or memorable? What will give me the best experience per dollar?

Seek Free or Discounted Fun

Look at your city's website or social media for free fun activities for the whole family to enjoy. Many cities offer free summer programming, such as movie nights, festivals, and farmers' markets. Don't forget to step out into nature and enjoy public beach visits or state park hikes!

LOOKING AHEAD : CREDIT UNION UPDATES

- **Core Conversion Coming August 1st:** As announced at the 2025 Annual Meeting, your credit union is undergoing a major transformation. This data processing conversion is one of the biggest undertakings a credit union and its members can experience. To prepare for this conversion, we will be **closed on August 1st and August 4th**. As in many conversions, we will experience small speed bumps, but we are working hard to minimize them as our system gets upgraded. Should you have any additional questions or concerns, please give us a call at (818) 367 - 1057 or email us at oliveviewfcu@i-lovemycreditunion.com.
- **New Website & Logo Coming Soon:** As part of our mission to provide a quality experience to every member, we are excited to launch our new website and brand to deliver a modern, member-centered experience built on trust, strength, and service. This website launch helps us grow alongside our members by meeting them where they are. We understand this is a lot of change, but our purpose remains the same. We are the same credit union founded 89 years ago, committed to serving members with transparency and heart.
